Tropical Meditation

This two-track, 65-minute CD by Mark Ciaburri combines cello, guitar, harp, and soft flute with the Hawaiian chanting of Charles Ka'upu. A second track, nearly an hour long, has an eight-minute prelude and is a perfect background for yoga, meditation, or massage. The Angels Choir of Maui provides additional vocals while surf sounds reinforce images of a calming tropical environment. Available for \$14.95 at 415-331-8273 or www.realmusic.com.
